EASTER FEELINGS

This season we will go to the latter portions of John's Gospel and look at some "feelings" of Easter. Feelings dealt with will include being conflicted and confused, feeling closed in and controlled, intense compassion for family and the relief and joy of salvation. A tentative look at where we will go is below,

March 15 "Almost"

The CONFLICTED feelings of Pilate.

March 22 "Closed In"

Dealing with the feeling of being CONTROLLED by an excited crowd with a cause.

March 29 "Family Focus"

Jesus showed COMPASSION for his mother in the midst of His own pressure.

April 5 (Easter) "Faced and Finished!"

Jesus consoles His followers by sharing that salvation is complete and sin is CONQUERED.
