The WEE Center is licensed by the South Carolina Department of Social Services. We adhere to all regulations and therefore require certain forms to be on file for each child. The following must be on file and updated as appropriate before a child may begin attending the Center.

1. The child's health and personal history
2. Authorization for emergency medical treatment
3. Health insurance information

9. DSS authorization form for church daycare centers
10. Certificate of Immunization For daycare attendance
11. Discipline form

Discipline

The WEE Center does not use corporal or physical punishment, instead acceptable behavior is encouraged by giving positive verbal awards. This reinforces a child's good feelings about his behavior and serves as an example to the other children to act in such a way to receive praise. Asking a child to stop and think about his unpleasant behavior enables that child to work on self control. When a child will not cooperate, a period of "Time-out" is the next tactic used. This allows the child to calm down and remember what behavior the teacher is asking for. If behavior problems persist the parent may be asked to come in for a conference to discuss what may be helpful to motivate their child to behave in an acceptable way.

Health

Each child is required to have on file a current health statement (DSS Form 2900) and a record of current immunizations. Please update our copy as your child receives immunizations.

No child who arrives noticeably ill, with a rash, or with a fever shall be admitted. When a child becomes ill during the day, the parent will be notified to come and immediately pick up the child. The child will not be allowed to return to the center until he has been fever free for 24 hours, without fever reducing medication, until the period of contagion has passed or until you bring a written excuse from the doctor stating that the child is not contagious. In the event a child contracts a communicable disease and exposes the other children, notice of such exposure will be communicated to the parents.

A child will not be admitted to the center with the following conditions. If the condition begins at the center, the parent must come in and get their child immediately. **Please understand the WEE Center's director has the final decision as to whether or not a child is ready to return.** The conditions are:

1. Symptoms of possible severe illness, such as; unusual lethargy, irritability, persistently crying, difficulty breathing, or other unusual signs.

If your child attends our after school program and is unable to attend school, he will not be admitted to the center. We are only equipped to care for the well child.

It is imperative that you call the center when your child is not to be picked up at school.

Accidents

In the event of a serious accident to the child, teachers are to notify the director immediately. When the nature of the injury is such that time is of the essence, the director may call an ambulance, or take the child to the closest emergency room for treatment. The child's folder (located in the office) should accompany the child or be brought by a staff member immediately. The director will call the child's physician and parents. For minor injuries that require first aid only, a staff member certified in first aid will administer or supervise the first aid given to the child. For all injuries an ouch report form will be completed and signed by the witness to the injury and the director. One copy will be sent home and one copy will be kept in the office. In some cases of minor injuries, the parent will be called.

Fire and Tornado Precautions

Fire drills are conducted on a regular basis. The teachers evacuate the children according to the fire escape plan and DHEC requirements. Teachers carry the class emergency book and class roll with them as they leave the building. A weather radio is located in the baby room. In the event of severe weather while we are open, safety measures will be taken and the children moved to an appropriate place, if necessary.

Arrival and Release of Children

Please hold your child's hand while in the parking lot and do not allow him to go outside alone. Never leave your car running.

For safety's sake, children must always be left in the care of an adult, with the children being brought directly to the child's classroom. Children must never be left without a teacher present.

If someone other than a parent will be picking up a child we must have WRITTEN permission from the Parent. The person must bring identification to have the child released to him.

It is very important that one calls early each day when your child is not attending Daycare.

Tracking

Children are tracked from the time of their arrival to their departure from the center. Tracking sheets are used to note the time of arrival and departure and track the children's location while on the premises or on field trips.

Parent Meetings

The director or your child's teacher may want to talk to you from time to time. These meetings will be announced in time for you to make necessary arrangements. Please contact the director if you have questions or concerns.

Withdrawals

If a child needs to be withdrawn from our center, a two week notice is required so that the vacancy may be filled by another child. If it is possible to give more notice it would be appreciated. Tuition must be paid in full when a child leaves.

Things from home

We ask that children not be allowed to bring toys from home. If an item is brought to daycare, we will not be responsible if it is misplaced or broken. A child is allowed to bring a stuffed animal to sleep with at naptime. On days when we have "show and tell" please give careful consideration to what you allow your child to bring. **We cannot be responsible if an item is damaged or lost.**

Game/App Policy

The children will be allowed to play their games/apps during designated times. This time is scheduled and has a designated location. This location will be monitored by a teacher during the duration of game/app time.

If a child plays a game/app that does not comply with our rating qualifications, the consequences are as follows:

1-Reminder of policy

2-Parents and child are reminded of the policy

3-The child will not be allowed to bring game/app systems back to daycare.

Birthdays

We will be happy to serve cupcakes or cookies provided by the parent on your child's birthday, at the regular designated snack times. Any other plans must be approved by the director.

Kindergarten

Kindergarten begins at 8:30 am. Please respect the teacher and your child's best interest by not interrupting class in session.

Visitation in center

No one except parents of babies and toddlers are allowed in those rooms. If relatives come to visit babies or other children, one must call ahead and tell the director that they are coming. The guest will be allowed to visit the child in the hall or the director's office, not in the child's classroom. No older siblings are allowed in these rooms. Please pick up your baby or toddler before getting your older child.

Congestion in the hallway or classroom

4:00 pm until 6:00pm is the busiest time of the day. Children are excited to see their parents and are ready to go home. You can help limit congestion by entering and exiting as carefully as possible. Please limit conversations in the hallways during this time.

Feel free to talk to your child's teacher about concerns or problems but respect the fact that the workers must watch other children while attending your needs. Help us by contacting the teacher between 12:30 and 2:30 pm or by writing a brief message to the teacher.

Guide for parents of babies

Label everything that you bring into the center (bottles, bottle lids, pacifiers, jars of baby food, wipes, packages of diapers, etc.). Be sure your child's name is legible on each item.

Baby formula and juice must be prepared and labeled for single use. Any excess formula, juice or food shall be discarded after each feeding.

Each baby will be fed according to his schedule. Before your baby is brought to the center fill out the infant information sheet. This helps us make your child as contented as possible.

If a baby is started on a new food, it is advisable for parents to try it at home first. Parents can watch for reactions and see if your child will eat or drink the new food.

Be sure enough diapers are brought for the day or one may bring a package to leave at the center. We will notify you when the diapers are low. If your child runs out of diapers or wipes after you have been reminded, you will be contacted at work to bring more.

If your baby is enrolled at a young age, you will leave him with more confidence if you visit the center prior to his admission. This gives you an opportunity to get acquainted with the care giver and to tell us of your infants' likes and dislikes.
